Dear home and business owners:

I highly recommend Adam Chinalski for any building improvement projects you may have. Adam has performed various improvement projects at my home and business over a three year period. He has always followed through with bid requests and completed projects timely and on budget. He was trustworthy in providing professional input to achieve the desired results efficiently and economically. Adam has renewed my faith that good, honest contractors still exist. I am sorry to see him leave us but I know he will be a valuable commodity to his new community.

Sincerely,

Joe Bolewicz, PT

To whom it may concern,

It's my pleasure to recommend to you Chinalski Home Repair and owner Adam Chinalski based on our experience with him on multiple projects at our church.

Since 2002, Adam has been our "go to" guy when it comes to projects beyond the scope of unskilled, volunteer labor. The largest project was construction of a new main entryway combining stone, metal, and cedar into the exterior.

Adam also did some interior renovation for the church including the construction of a new tech room and retrofitting classroom doors with windows.

Never have we had any cause to question Adam's integrity, demeanor, or character while he worked for us. All that teamed up with his attention to detail means we will continue to seek his help with future projects.

Sincerely,

To whom it may concern:

If you are considering a home improvement, I highly recommend Adam Chinalski. The project went smoothly and his crew operated in a dependable, professional manner, including the daily job site cleanup. He modified two original walls in the entrance and hallway, which required electrical and painting work. He installed an Oak staircase railing in the hallway and passageway that leads to our downstairs. In addition, he designed, built and installed an Oak fireplace including mantel, an Oak staircase passageway mantel and two Oak half divider wall tops in the family room and entrance. The quality of his work was excellent and the price was reasonable.

Sincerely,

Paul H. Motz

Dear Adam:

I am certainly glad that Colleen Olds at Behr Paint in Stanwood, referred you. The result of your work is outstanding with regard to quality; appreciated even more is your respect for my (project manager's) and owner's time constraints. Some things that stand out are:

1. Your start and finish dates were exactly as you said; You manage your appointments and project work times very precisely. You respect the value of my time...that is something very rare these days.
2. Your bid mentioning "Maximum Preparation" was understated. You did quite a bit more work than what was expected. You removed considerable old hardware and fittings that were no longer current without asking for an "extra".
3. You replaced all of the considerable missing putty from the antique double hung windows. That is usually extra; you did not attempt an additional charge, that shows true professionalism.
4. Those that helped you showed the same degree of maturity, promptness, care, and attention to detail as you do yourself. Tell me Adam.....how did you find these gentlemen?

Adam: I am sending a copy of this letter to Colleen at her Behr Paint Store in Stanwood. I feel that she has done me a real favor by recommending you.

Thank you again for doing such a fine job with Mr. Frostad's "Old English Cottage" in Stanwood. The improvement that has been accomplished is truly remarkable. I'll try to work up some before and after photos when I have a bit more time.

Sincerely yours,

John K. Luechauer

To whom it may concern,

We are pleased to write this letter as a recommendation for Mr. Adam Chinalski, of Chinalski Home Repair. Mr. Chinalski pressure washed the roof, siding and deck of our home. The roof was sealed and some shingles replaced, the deck was stained and the siding and trims were painted. Mr. Chinalski also repaired some deck beams. All this work was done in a prompt and professional manner and we can highly recommend Mr. Chinalski's work. He was thorough in all that he did for us. We will be calling on him in the future.

Sincerely,

Mr. & Mrs. Charles W. Glaspy

For Prospective clients of Adam Chinalski ---

--- you are very fortunate to have contacted this gentleman, who works alone, and most ably uses his time/is aware of your costs. Adam is well above the rest of workmen because:

He estimates the works (costs) directly and stays within this agreed dollar amount --- and,

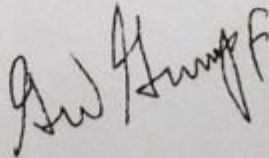

...assures his work is good, or he returns to make it right. That faculty of honesty and integrity is BUILT-IN to this gentleman, who is well-trained, not only in his trade as contractor, but in his thoughtful manner. *great + careful*

Adam is fair; you can discuss with him all aspects of his work and I found him, in the installation of windows --- difficult for anyone, but we have such tight parameters, and he worked with the manufacturer, ensured the measurement to the decimal... he also, is an expert with doors, painting, general carpentry and likely other aspects of home improvement not yet used by this client.

Adam keeps you informed of his scheduled visits and you know few take the time to call ahead and confirm --- or phone if they're late...Adam does.

Finally: costs. Adam knows the market, the cost of paint and lumber --- he advises you of options you WILL find his estimates proper and fair, but the

final workmanship and his willing followup is not found often in this great, good nation, lately, except, here, with Adam Chinalski.

Re: Recommendation of Adam Chinalski, of Chinalski Home Repair & Maintenance
for painting interior and exterior of home.

We want to strongly endorse Adam for paint contracting. He did the trim on our house and it was the best job we have had done over the past 10 years, including preparation prior to painting. We were equally pleased with the interior painting, which included walls, ceilings and some contingent woodwork. If you would like a personal statement, please call us at 360-629-2658.

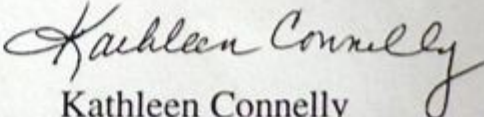

(This work was done during the summer of 2000.)

Re: Adam Chinalski Home Repair and Maintenance

Mr. Chinalski replaced my deck which was attached to the House and above a pool. Now this was not an easy task but, Mr. Chinalski assured me this was his specialty and he was right. He was close on his estimates and his workmanship is superb! He is prompt, friendly, delivers on time and very professional.

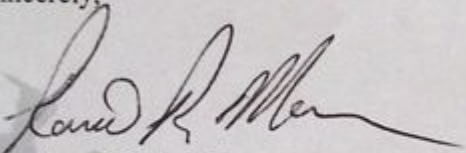

I would hire Chinalski Home Repair and Maintenance again and plan to for future jobs. He has taken the worry/stress out of Home Repair and Maintenance for a Home owner.

Dear Mr. Chinalski:

Thank you for the excellent job you did painting our home. You started when you said you would start, finished when said you would finish, and completed the job plus some extras for the price you bid. You are welcome to use us as a reference to other prospective customers. We will also be contacting you this fall weather permitting, or next spring to paint our garage/shop (new construction this time!)

Sincerely,

Re: CHINALSKI HOME REPAIR & MAINTENANCE

This letter is in response to the work performance at my home on July 27, 2000 by CHINALSKI HOME REPAIR & MAINTENANCE.

I submitted a claim to my insurance company for outside drain repair and received a prompt response from Mr. CHINALSKI to arrange for an appointment for an estimate proposal.

Mr. CHINALSKI arranged for all materials, contacting all suppliers and proceeded to complete the repair work in a timely and professional manner, including handling all necessary paperwork.

I would highly recommend his services to anyone interested in hiring a competent and efficient home repair serviceman.

Sincerely,

To Whom It May Concern:

We are home owners on Camano Island, Washington. Every home has its normal repair cycle and is in need of a professional home repair expert. I can say with great confidence that Chinalski Home Repair meets all the qualifications of expert home repair. I have hired Adam Chinalski several times and each time he has done exceptional work. His estimates have been respected with no cost overruns, he is prompt and delivers the end result within the scope of time discussed, all phone calls have been returned and his professionalism is apparent in the quality of the work produced. The last job he has completed for us involved coordination with my insurance company. He was able to provide for the insurance company all relevant documentation that made the job faster and smoother. Chinalski Home Repair took care of all the details, to the point where the repair was completed with almost no input from me. That is the best recommendation I can provide as I am a busy man.

I have dealt with other contractors who are not nearly as proficient or as honest as Chinalski Home Repair. They can make a bad situation worse. I have no hesitation in recommending Chinalski Home Repair and Adam Chinalski as an expert home repair specialist.
